Blue Ribbon Landscape & Maintenance, Inc.

Featured Customer — *Walt & Michelle Seale, Boise*

Walt and Michelle Seale not only reinvented their front landscape, they also helped to stimulate the economy! This project helped them reach their goal of increasing their “green” space outdoors. Installing xeric plants, permeable paver surfaces and an upgraded irrigation system allowed them to reduce their water consumption.

We eliminated 2,000 square feet of asphalt, constructed a new column with lamp for the mailbox and paper box next to the new driveway and installed low voltage path lighting. Thank you so much, Walt & Michelle! We enjoyed working with you on this project.

We Need Your Testimonial!

Blue Ribbon is offering you a **\$5 Starbucks gift card** or **\$10 credit** on your account to submit a testimonial to be included on our website. Please be specific.

“Blue Ribbon . . .”

“Our old contractor . . . but Blue Ribbon . . .”

“They may be a little more expensive but they’re worth it!”

Yes, we bribe our customers!!
